## MEMORANDUM

**TO:** All Interested Parties

**FROM:** Tracy Brunner, School-based Medicaid Specialist

**DATE:** March 29, 2011

**SUBJECT:** March 2011 Medicaid Billing Tool Kit Update – Eighth Edition Now Available Online

The latest edition of the *Medicaid Billing Tool Kit* for health-related IEP services includes two new chapters, sample forms and related information on claiming reimbursement for **IEP Nursing and IEP Special Education Transportation** services. Please review the requirements carefully and note that all Tool Kit guidance applies **only to health-related services in a student's IEP**. Other school health services, such as services required by a 504 Plan or primary care furnished in a school clinic, are subject to different Medicaid claiming requirements and must be billed on a different Medicaid provider ID number from the one the school corporation uses to bill IEP services.

To remain consistent with the traditional organization of the *Tool Kit*, the newly added chapters on IEP Nursing and IEP Transportation services are Chapters 8 and 9, respectively. The Program Compliance Monitoring information previously located in Chapter 9 has been moved to Chapter 10.

The *Tool Kit* Eighth Edition also includes updates to Chapter 7 and Appendix C regarding Indiana Medicaid's recent rule change that expands the list of practitioners who qualify to provide **Medicaid-reimbursed neuropsychological and psychological testing**. You'll find the latest edition of the *Tool Kit* online at [www.doe.in.gov/exceptional/speced/docs/ToolKit.pdf](http://www.doe.in.gov/exceptional/speced/docs/ToolKit.pdf). If you prefer to update your existing hard copy, you can download the latest "[Tool Kit Update Log and Updated Pages only](#)" and follow the instructions provided.

Please help yourself to sample forms, articles, brochures, conference presentations and Medicaid-in-Schools newsletters at the Indiana Department of Education's School-based Medicaid Web page [www.doe.in.gov/exceptional/speced/medicaid.html](http://www.doe.in.gov/exceptional/speced/medicaid.html). Other resources, including Files, Bookmarks, a calendar of events and forum discussion opportunities are available at the Medicaid in Schools Community on the IDOE Learning Connection. Your comments and suggestions are welcome.
